

EMPLOYMENT OPPORTUNITY

DERlab is the association of leading laboratories and research institutes in the field of distributed energy resources equipment and systems. The association develops joint requirements and quality criteria for the connection and operation of distributed energy resources (DER) and strongly supports the consistent development of DER technologies.

For our office in Kassel we are looking for a full time

Research Engineer

**who would focus on activities related to smart grids and
grid integration of distributed energy resources**

Job related tasks:

DERlab e.V. is active in joint research projects in the field of smart grids, grid integration of distributed energy resources, grid control and standardization. The position we are offering includes the following activities:

- Project acquisition, supervision and execution
- Project management and reporting
- Networking and communication
- Organization and moderation of scientific workshops/events
- International travels

Your profile:

- University degree (min. MSc) in electrical engineering or similar, preferably with previous experience in the field of smart grids and grid integration of renewable energy resources or similar topics
- Experience with project management, strong time management and organisational skills; result oriented
- Knowledge on and interest to work with standards, grid codes and grid connection guidelines
- Interest and ability to organize and moderate technical and networking events (workshops, project meetings, web conferences, etc.)
- Strong communication skills in German and English (verbal and writing, level C1/C2 mandatory)

Remuneration:

DERlab offers an international and creative work environment as well as personal development opportunities. The remuneration offered is according to the German TVöD Bund.

Application deadline: 31st of March, 2019

Contact: Dr. Diana Strauss-Mincu office@der-lab.net / Phone +49 561 7294 277

Applications are to be submitted **in English (motivation letter also in German)**

at office@der-lab.net.
